Experience

- **Graphic Designer & Print Production Specialist - SC Full-Time Employee at PostNet (2022 - 2025)**
Under daily tight deadlines, I would design original flyers, business cards, company logos, stickers and more. Alongside my design duties, I was also in charge of managing the print production process. I had to physically produce the final printed product and work with large manufacturing production machines to fulfill client orders.
- **Graphic Designer & Illustrator - Savannah, GA Contract Job with Miss September & Friends (2023-Present)**
Created original illustrations and posters to promote their show. We have worked on over 15+ projects including designing 10ft backdrops, retractable banners & posters.

Noteworthy Projects:

- **Graphic Designer - Dallas, Tx Super Trouper: the ABBA Sensation (Nov 2023-2025)**
This DFW band came to me in need of a visual look and brand identity. I created their main logo, vehicle magnets, social media background and more.
- **Graphic Designer - Charleston, SC Levi's Timber to Remember - Indigo Ink (June 2024)**
